

Extra Credit Guidelines

You can earn up to 5 points of extra credit each quarter where it will be calculated in your participation grade (10% overall grade). To receive 5 points, you must attend one events, site visits or programs and write a review. Please look at the rubric below to show how you can earn full credit.

5 Points	Student attends an event, goes to a EE site, or participates in a program and has the extra credit sheet signed by a program leader, office staff, or event staff. Student has typed a well-developed, grammatically correct review of the event, site visit or program that includes what he/she did during the event, site visit or program, what he/she liked or disliked, and if he/she recommends the event, site visit or program. Student will also include an artifact, including but not limiting to picture, program schedule, souvenir, etc.
3 Points	Student attends an event, goes to an EE site or participates in a program and has the extra credit sheet signed by a program leader, office staff, or event staff. Student has hand-written a review of the event, site visit, or program that includes if he/she recommends the event, site visit or program.

Requirements

- Students may only count **one** events, site visits or programs towards extra credit, but they are encouraged to attend as many events, site visits or programs as possible throughout the school year.
- Students must turn in all extra credit paper work by the **last Monday of the quarter** to receive credit.
- No double dipping: If you use a site visit for a research project you cannot use it for extra credit
- Each quarter it must be a different event, site visit or program to count towards extra credit
